115 years
Ballistol Universal Oil

BALLISTOL. IT WORKS.

115 years Ballistol Universal Oil. 115 years the original Universal Oil. The tried, tested and unmatched "wonder oil" is still produced with the initial formula like it was developed in 1904. Millions of users worldwide have experimented and discovered thousands of other applications for humans, animals and technology.

Due to our 115th anniversary, our spray received a new functional folding sprayhead on the new 350 ml size: the VarioFlex. The 12.5 cm long spray pipe is flexible in all directions. Inaccessible corners can now be reached very easy. The spray jet is very fine and precise. Simply adjust the spray tube vertically downwards and let it snap into place to get a perfect spray mist. Tip: Spray head can be removed and attached to other BALLISTOL spray cans.

BALLISTOL, the German family business behind this incredibly multifunctional universal oil, has also become a recognized expert for special oils. Today, BALLISTOL offers a wide range of high-quality care and cleaning products for humans and animals, gun care products, special technical oils and special products for industry and garage.

Discover the whole product range in our sales catalogue 2019 which contains all BALLISTOL products and many innovations in the field of firearm care.

BALLISTOL. The brand for people, animals and all things mechanical.

Ballistol universal oil is the one and only universal oil and multifunctional like no other:

- For more than 115 years: a proven special product for industry, craft sector, agriculture and household
- Maintains, protects and lubricates all materials like metal, oil-resistant plastic, rubber, leather and wood
- Cleans, creeps, preserves, regenerates and protects against corrosion and rust
- Does not resinify, dissolves grease, tar, dirt, adhesive residues and other unsuitable oils. Weak acids are neutralised
- Food-safe, exceptionally skin-friendly, pharmaceutical pure and biodegradable
- Dermatologically tested as „very good“ (reference: www.ballistol.de)

VarioFlex: 12.5 cm long, flexible spray pipe

The oil for the extreme requirements – Ceramic Chain Oil BikeCer

- Developed especially to provide lubrication for extreme requirements on the chain, cassette and gears
- Can be used on suspension forks, damper pipes and bowden cables, too
- Ideal also for e-bike chains
- Water-resistant, highly penetrating and does not resinify
- Increases the working lifetime of the chain
- The re-lubrication time is extended, due to the high adhesive effect

CERAMIC-CHAIN OIL ^{1, 2}

Other units on request

Ballistol universal oil is the only universal oil and multifunctional like no other:

- Forms an alkaline protective film on metals
- Neutralises hand perspiration and other acid rust-promoting residues, thereby it protects against corrosion
- Achieved by low surface tension and excellent creeping properties to the narrowest angles and finest cracks in the metal
- Protects, cares, conserves and regenerates for example natural wood, oil-resistant plastics and rubbers
- Does not resinify, dissolves fats, tar, dirt, glue residue and other unsuitable oils
- Especially skin-friendly, dermatologically tested with "very good" (reference: www.ballistol.de)
- Biodegradable and very environmentally friendly

ProTEC
SPRAY

Available as:

50 ml art.no. 25268 | 200 ml art.no. 25260
400 ml art.no. 25261

Hazard Statements:

Danger: Extremely flammable aerosol. Harmful to aquatic life with long lasting effects. Pressurised container: May burst if heated.

- Care, maintenance and protection of industrial machinery and garage equipment, precision tools, apparatus, forms and punching tools
- For lubricating thread machines / cutting machines
- Ideal for long-term preservation, even at high air humidity and aggressive ambient air
- Contains no waxes
- Long time rust protection
- Displaces moisture
- Eliminates squeaking and creaking
- Use to free tight fittings, plugs and joint connections
- Operating temperature from -40 °C to +150 °C
- Can be used in industry and workshops, for all kinds of vehicles, on ships or boats, for fishing gear and agricultural machinery as well as household and garden

PREMIUM RUST PROTECTION OIL ⁵

ProTEC
LIQUID

Available as:

5 litre art.no. 25264

Hazard Statements:

Danger: Petroleum. May be fatal if swallowed and enters airways. Harmful to aquatic life with long lasting effects.

GARAGE OIL¹

USTA

SPRAY

- Provides corrosion protection, preserves, cleans, protects, lubricates, works as a contact spray and rust remover
- Gliding active, amazing creeping properties, does not resinify nor glue, displaces moisture and eliminates disturbing squeaking
- Loosen tight mechanical parts
- Approved as cutting oil
- Contains very good anti-rust additives with additional wax particles, shake well before use

Available as:

200 ml art.no. 22950 | 400 ml art.no. 22960

Hazard Statements:

Danger: Extremely flammable aerosol. Harmful to aquatic life with long lasting effects. Pressurised container: May burst if heated.

GARAGE OIL⁵

USTA

LIQUID

- Provides corrosion protection, preserves, cleans, protects, lubricates, works as a contact spray and rust remover
- Contains very good anti-rust additives with additional wax particles, shake well before use

Available as:

500 ml art.no. 22970 | 5 litre art.no. 22980

Hazard Statements:

Danger: May be fatal if swallowed and enters airways. Harmful to aquatic life with long lasting effects.

CLP-ability

Cleaning

Cleans dirty and oil glueing metal parts, it easily removes rust and cleans from dirty, rusty particles.

Lubricating

Keeps moving parts easily and smoothly running. Chains, sprockets, ball bearings, hinges, telescope mechanics etc. remain in technical shape, mechanical abrasion is prevented.

Protecting

Protects iron, steel and non-ferrous metals reliably against rust and corrosion, even under extreme weather conditions.

SPRAY

SILICONE OIL ^{1, 2, 3} SPRAY

- Special lubrication for synthetic materials
- Protects and lubricates rubber, polymers, plastics and plastic gearwheels
- Eliminates squeaking and creaking
- Keeps rubber elastic
- Ideal for maintenance and restoration
- Adheres to surfaces strongly and durably
- Very productive, high silicone content
- Suitable for food-grade areas

Typical ranges of application:

- Plastic transmissions and gearwheels
- Rubber bearings and strips
- Guide rails and slide rails
- Window and car sealings
- Cable tractions

Available as:

200 ml art.no. 25300
400 ml art.no. 25307

Hazard Statements:

Danger: Extremely flammable aerosol. Causes skin irritation. May cause drowsiness or dizziness. Toxic to aquatic life with long lasting effects. Pressurised container: May burst if heated.

SILICONE OIL LIQUID

- Special lubrication for synthetic materials
- With metering nozzle

Available as:

65 ml art.no. 25331

BALLISTOL TEFLON™-SPRAY ¹

- Dry lubrication for sensitive areas
- Durable lubrication and gliding activity
- Reduction of static, sliding and rolling friction

Typical ranges of application:

- Casters and bearings
- Slide rails and guide rails
- Cables and telescope mechanisms
- Transmissions and gearwheels
- All kind of plastics

Available as:

200 ml art.no. 25600
400 ml art.no. 25607

Hazard Statements:

Danger: Extremely flammable aerosol. Pressurised container: May burst if heated.
Teflon™ is a trademark of The Chemours Company FC, LLC used under license by F.W. Klever GmbH.

ECONOMICAL

LUBRICATION

MONTAGE- SPRAY¹

- Special lubrication up to 1.000 °C
- Long-term corrosion protection
- Protects screw threads and fittings of all kinds from seizing up
- Suitable for assemblies and connections of different metals
- Solid lubricant

Typical ranges of application:

- Reduction of static, sliding and rolling friction
- Tire and rim assembly
- Hardware connections, fits, threads
- Drive shafts and drive insulations

Available as:

200 ml art.no. 25200

Hazard Statements:

Danger: Extremely flammable aerosol. Harmful to aquatic life with long lasting effects. Pressurised container: May burst if heated.

PRECISION MECHANIC OIL^{1, 2, 3, 5} USTANOL LIQUID

- Enormously high creeping activity
- Cleans, lubricates and protects all metal parts
- Displaces water from the metal surface
- Rust protection and dissolving

Typical ranges of application:

- Precision equipment, mechanical measuring instruments
- Mechanical clocks, padlocks
- Cutting and milling work, threads and fittings

Available as:

500 ml art.no. 22700

5 litre art.no. 22710

Hazard Statements:

Danger: Highly flammable liquid and vapour. May be fatal if swallowed and enters airways. Causes skin irritation. May cause respiratory irritation. May cause drowsiness or dizziness. Toxic to aquatic life with long lasting effects.

PRECISION MECHANIC OIL^{1, 2, 3} USTANOL SPRAY

- Enormously high creeping activity
- Cleans, lubricates and protects all metal parts
- Displaces water from the metal surface
- Rust protection and dissolving

Typical ranges of application:

- Precision equipment, mechanical measuring instruments
- Mechanical clocks, padlocks
- Cutting and milling work, threads and fittings

Available as:

200 ml art.no. 22800

Hazard Statements:

Danger: Extremely flammable aerosol. Causes skin irritation. Harmful to aquatic life with long lasting effects. Pressurised container: May burst if heated.

CLEANER FOR BRAKES AND METAL PARTS

1, 2

SPRAY

- Oils, fat, dirt and even dried-in, resinified oils and brake dust are removed effectively as well as graphite-, molybdenum-, copper- and aluminium assembly pastes
- Eliminates smoothly organic residues by the power of the citrus fruit
- For cleaning and degreasing brakes, brake discs and machine parts
- Flushes off without residues
- Does not contain acetone and has a pleasant odour
- Perfect material suitability at lacquers, varnish and synthetic fibres
- Spraystream – extra strong

Available as:
500 ml art.no. 25340

Hazard Statements:

Danger: Extremely flammable aerosol. Causes skin irritation. May cause drowsiness or dizziness. Harmful to aquatic life with long lasting effects. Pressurised container: May burst if heated.

CLEANER FOR BRAKES AND METAL PARTS

1, 2, 3

LIQUID

- Oils, fat, dirt and even dried-in, resinified oils and brake dust are removed effectively as well as graphite-, molybdenum-, copper- and aluminium assembly pastes
- Eliminates smoothly organic residues by the power of the citrus fruit
- For cleaning and degreasing brakes, brake discs and machine parts
- Flushes off without residues
- Does not contain acetone and has a pleasant odour
- Perfect material suitability at lacquers, varnish and synthetic fibres
- Used by leading motorcycle manufacturers

Available as:
5 litre art.no. 25346

For other pack sizes see price list

Hazard Statements:

Danger: Extremely flammable liquid and vapour. Causes skin irritation. May cause drowsiness or dizziness. Harmful to aquatic life with long lasting effects.

RESIN REMOVER ²

- For cleaning tools and wood processing machines
- Effective cleaner for burnt resin residues
- For saw blades, planes, chisels and other resin contaminated tools
- Extremely efficient and simple in application
- Spray on - wipe off - ready
- After use we recommend to preserve all tools and parts with Ballistol Universal Oil
- Ecological
- Practical reusable hand sprayer

Available as:

110 ml art.no. 25421 | 600 ml art.no. 25420
5 litre art.no. 25425

Harzard Statements:

Warning: Causes skin irritation. Causes serious eye irritation.

LOOP STRIP

- Accommodates 6x 110 ml Resin Remover pumpspray
- Ideal for a secondary placement

Suggested products::

CYLINDER LOCK SPRAY^{1, 2}

- Contains ceramic parts
- Especially for lubricating and cleaning all kinds of cylinder locks
- Caring, protecting and water displacing
- Reduces friction, part remains smoothly operating
- Reaches even the tightest gaps
- No more squeaking and creaking
- Displaces moisture and therefore also prevents icing up
- Guarantees lifelong perfect function
- Protects against corrosion and dissolves any existing corrosion

Available as:

50 ml blister packs art.no. 25941 | 50 ml art.no. 25940

Hazard Statement:

Danger: Extremely flammable aerosol. Causes serious eye irritation. Pressurised container: May burst if heated.

CYLINDER SPRAY^{1, 2} DISPLAY

- Ideal for the counter
- Sales arguments on the back

Available with:

12x Cylinder Spray, 50 ml art.no. 25940

WIRE HOOK RACK RED

- High-quality wire hook rack with 14 hooks
- Ideal for secondary placement

Suggested products:

12x Cylinder Spray, 50 ml blister packs art.no. 35083 (without products)

New, environmentally friendly packaging in cardboard blister

FIREPLACE AND STOVE CLEANER ²

KAMOFIX

PUMP-SPRAY

- Ecologic, in practical reusable hand sprayer
- Packing 600 ml contains spray nozzle, sponge and a product sample f.o.c.

Available as:

110 ml art.no. 25402 | 600 ml art.no. 25401
5 litre art.no. 25405

Harzard Statements:

Warning: Causes skin irritation. Causes serious eye irritation.

FREE

with a product sample at 600 ml

The powerful cleaner:

- For fireplace, stove, pots and baking trays
- For glass plates, surface and grates
- Foams up - no dripping
- Works at once, no waiting time
- Cleans thoroughly without rubbing
- Biodegradable
- Also ideal for resistant plastics to remove water spots

FIREPLACE AND STOVE CLEANER ²

KAMOFIX

PUMP-SPRAY

- Sales arguments on the back

Availabale with:

19x 110 ml art.no. 25145

LONG-TERM SEALING^{1, 2}

SEAL SPRAY

- PVC film seals, coats and insulates
- Long-term corrosion protection
- Seals surfaces
- Resistant to aggressive gases, salt water and industrial wastewater as well as acid rain
- Protective film can be removed like a plastic film

Typical ranges of application:

- Seals circuit boards
- Insulates electrical connections and contacts
- Protection for all kind of surfaces
- Sealing of surfaces of every kind

Available as:

200 ml art.no. 25100

Hazard Statement:

Danger: Extremely flammable aerosol. Causes serious eye irritation. Pressurised container: May burst if heated.

MULTI PURPOSE GREASE

- Lithium soap grease
- According to DIN 51 502: K2K-20
- Application temperature range from -25 °C to +120 °C
- Very high water resistance, water displacing
- Long-term lubrication
- Provides good sealing
- Easy to pump in central lubrication systems
- Reduces friction and deterioration of sliding
- High pressure load-carrying ability
- Resistant to aging
- Protects against corrosion

Available as:

400 g art.no. 25350

1 kg art.no. 25351

5 kg art.no. 25352 (without picture)

Startwunder long spray tube 600 mm

STARTWUNDER^{1, 2} SPRAY

- The fantastic jump-start for cold engines
- Without acetone, harmless for engines
- Optional startwunder long spray tube available

Typical ranges of application:

- Car, motorcycles, tractors
- Lawn-mowers, snow blowers
- Power saws and scythes
- Emergency generators, angle grinders
- For two- and four-stroke engines

Available as:

200 ml art.no. 25500

Startwunder extension art.no. 21890

Hazard Statement:

Danger: Extremely flammable aerosol. May cause drowsiness or dizziness. Pressurised container: May burst if heated.

WOOD GLIDE SPRAY¹

- Pure dry lubrication
- Prevents adherence or attraction of dirt
- Provides an invisible dry sliding film
- Suitable for simple, fast and safe application, even on machines in operation
- Ideally suited to refresh the wood glide paste

Available as:
400 ml art.no. 25363

Hazard Statement:
Danger: Extremely flammable aerosol. Pressurised container. May burst if heated.

WOOD GLIDE PASTE

- Dry lubrication residue-free with long-term effect
- Provides an invisible dry sliding film on the surface of degreased machine tables, adjustment units, etc.
- Work space will become water-repellent and protected from rust
- Wood will slide easily and smoothly over the machine table
- Wood stain, oil and varnish will not be influenced
- Without graphite and silicone
- Avoids inherence of resin and squeaking of wooddrilling bits

Available as:
250 ml art.no. 25360

GRINDING OIL LIQUID

- For all grindstones (also ceramics)
- Extends the lifetime, reduces grinding noise, prevents clogging of the grindstone
- High cleaning power, increases removal rate
- Binds steel- and stone-abrasion and allows consistent grinding movements
- Food-safe, neutral in odour and taste

Available as:
65 ml art.no. 23910

DUST-FREE¹ FLAMMABLE SPRAY

- Removes dust, lint and finest particles
- Can be used to clean difficult accessible spots
- Sensitive objects are treated with care
- Maximum efficiency due to the use of a special gas
- Usable volume of gas approx. 80 litre (Compressed air only 5 liters)

Typical ranges of application:

- Cameras, prime lenses, photo lenses/accessories, microscopes and optical equipment
- Computer, keyboards, printer, USB ports ...
- Hi-fi /audio equipment and record player
- Electronic switches and modules
- Useful in laboratories and companies

Available as:
300 ml art.no. 25287

Hazard Statement:
Danger: Extremely flammable aerosol. Pressurised container. May burst if heated.

REFRIGERANT SPRAY¹

SPRAY

- Special gas ensures a high capacity
- Immediate cooling of surfaces and parts
- Non-conductive
- No damage of materials

Typical ranges of application:

- Troubleshooting of electrical components
- Testing thermostats and temperature sensors as well as engine components such as carburetors and injection systems
- For repair purposes in industry
- For assembly of fittings with tightest tolerances
- For cooling of transistors, resistors and silicon diodes
- For shock freezing of rubber, foils and sticky residues, also for the removal of chewing gum
- Prevents heat damage during brazing and soldering processes

Available as:
300 ml art.no. 25293

Hazard Statements:

Danger: Extremely flammable aerosol. Pressurised container: May burst if heated.

EFFICIENT

DYEING

ANTIQUE BRASS DYE^{2, 3, 4, 5}

NEROFOR

- For non-ferrous heavy metals
- Abrasion-proof, spotless and antique appearance
- Light yellow brass surfaces will be dyed to a very dark brown
- Adjust application time due to required shade
- Aqueous solution

Available as:
50 ml art.no. 25890 | 1 litre art.no. 25900

Hazard Statements:

Warning: Selenium dioxide, phosphoric acid. May be corrosive to metals. Causes skin irritation. Causes serious eye irritation. May cause damage to organs through prolonged or repeated exposure. Very toxic to aquatic life with long lasting effects.

WATERPROOFING SPRAY^{1, 2, 3}

PLUVONIN

- Universal waterproofing
- Keeps functional wear breathable
- Keeps all textiles and suedes in good condition and impregnates
- Ideal for hunters, fishermen and everyone exposed to wind and weather

Available as:

200 ml art.no. 25000 | 500 ml art.no. 25010

For other pack sizes see price list

Hazard Statements:

Danger: Extremely flammable aerosol. Causes skin irritation. May cause drowsiness or dizziness. Toxic to aquatic life with long lasting effects. Pressurised container: May burst if heated.

Example: soft top cabriolet

Impregnates and cares:

- Outdoor clothes, textiles and suede
- Rainwear, ski and sports clothes
- Sunshades and umbrellas
- Pullovers, coats and anoraks
- Camping equipment, tents, tarpaulins, sails and awnings
- Shoes, backpacks and others

WATERPROOFING SPRAY^{1, 2, 3}

DISPLAY

SPRAY

- Sales pitch on the back

Available with:

12x 200 ml art.no. 25040

Hazard Statements:

Danger: Extremely flammable aerosol. Causes skin irritation. May cause drowsiness or dizziness. Toxic to aquatic life with long lasting effects. Pressurised container: May burst if heated.

Other units on request

Ballistol universal oil is the only universal oil and multifunctional like no other:

- Cleans and removes powder residues, lead, copper and tombac deposits
- Does not resinify, creeps into the finest cracks, protects against rust, lubricates and cleanses
- Dissolves old soiling and resins of unsuitable oils
- Neutralizes combustion residues
- Also for cleaning, care and preservation of wooden stock and leather belt
- Especially skin-friendly, dermatologically tested with "very good" (reference: www.ballistol.de)
- Biodegradable and very environmentally friendly

VarioFlex: 12.5 cm long, flexible spray pipe

Danger: Petroleum. May be fatal if swallowed and enters airways. Harmful to aquatic life with long lasting effects.

RELIABLE

PROTECTIVE

GUNCER²

CERAMIC GUN OIL

LIQUID

- With metering nozzle

Available as:

65 ml art.no. 22169

Hazard Statements:

Warning.

- For professional snipers, hunters and law enforcement, rifles, shotguns or handguns
- Special mixture of ceramic additives provides maximum performance and safe accuracy
- Reduces friction and deterioration of the firearm
- Smooths roughness (under load peaks at the friction points are plastically deformed by yield smoothing with minimal substantial reduction. Friction is extremely reduced to keep your firearm in best shape.)
- Reduces power losses while reloading semi-automatic and automatic pistols and rifles (even with weak load ammunition), resulting in less interferences
- Excellent corrosion protection, prevents wear and tear, corrosion and dissolves carbon
- Works in a temperature range from -40 °C to +210 °C
- Ceramic additive even ensures lubrication up to +1.000 °C
- Water resistant and non-resinating
- Without silicone and PTFE

GUNCER^{1,2}

CERAMIC GUN OIL

SPRAY

- High creeping capacity and simultaneous foam up

Available as:

50 ml art.no. 22165 | 200 ml art.no. 22166

CERAMIC GUN GREASE

Available as:

10 g art.no. 23770 | 70 g art.no. 23771

TIP

- Highest corrosion protection for treated components
- Reduces friction and wears
- Outstanding sliding properties
- For lubrication of all tribological pairings, such as breech guiderails, rollers, detents, locking lugs, hinge bolts and as a screwed and pinned connection fitting device
- Without silicone or PTFE
- Wide temperature range from -50 °C to +150 °C
- It is neutral towards plastic, paint, wood and browning

ROBLA SOLO MIL^{2, 4}

BARREL CLEANSER

- For hardly polluted barrels
- Dissolves copper, zinc, tombac and lead residues
- Does not damage steel, nickel and chrome
- Thin fluid to fill the barrel completely
- 65 ml: with metering nozzle

Available as:

65 ml art.no. 23532 | 1 litre art.no. 23540
Rubber cork art.no. 23302

3 pcs rubber cork, size 5x9x20 mm,
8x12x20 mm, 10,5x14,5x20 mm

Hazard Statements:

Danger: Ammonia. Causes severe skin burns and eye damage. May cause respiratory irritation. May be corrosive to metals.

QUICK-BROWNING ^{2, 3, 4}

- Cold-Browning
- For browning of damaged parts of rifles
- Permanent and abrasion resistant browning
- For steel with up to 3 % chrome

Available as:

50 ml art.no. 23630 | 1 litre art.no. 23640

Hazard Statements:

Warning: Selenium dioxide, Copper(II) nitrate, Nitric acid. May be corrosive to metals. Harmful if swallowed. Causes skin irritation. Causes serious eye irritation. Toxic to aquatic life with long lasting effects.

CLEANER FOR GUN PARTS ^{1, 2}

- For cleaning and degreasing firearm parts
- Neutral to all materials, without damaging browning, strong spray beam
- With plugged on nylon brush
- Ventilates residue-free, acetone-free, pleasant scent

Available as:

250 ml art.no. 23752

Hazard Statements:

Danger: Extremely flammable aerosol. Causes skin irritation. May cause drowsiness or dizziness. Harmful to aquatic life with long lasting effects. Pressurised container: May burst if heated.

COLD DEGREASER ^{1, 2, 3}

SPRAY

- Removes oil, grease and resin from surfaces and all mechanical parts
- For pretreatment of metal surfaces before browning or electroplating
- Ideal for cleaning brakes and brake discs

Available as:

50 ml art.no. 23356 | 200 ml art.no. 23360

Hazard Statements:

Danger: Extremely flammable aerosol. Causes skin irritation. May cause drowsiness or dizziness. Toxic to aquatic life with long lasting effects. Pressurised container: May burst if heated.

**NEW**

SILENCER CLEANER ²

- Automatically removes and neutralises combustion residues without any need to use additional tools
- Surfactant-based
- Safe to all material
- Acid-free and odour-neutral
- Colour change as a solving indicator

Available as:

500 ml art.no. 23381 | **5 litre** art.no. 23382

Rubber cork art.no. 23302

Hazard Statements:

Danger: Contains orange terpene. May produce an allergic reaction.
Causes serious eye irritation.

**NEW****NEW**

PLASTIC CLEANER

- Powerful cleaner for plastic gun parts, for rifles and handguns, and for gun cases and bags
- Thoroughly removes stubborn dirt, grease, soot / gunshot residue and adhesive residues
- Particularly compatible and biodegradable
- Suitable for carbon and aluminium surface
- Tested and recommended by Steyr Arms

Available as:

150 ml art.no. 23383

PLASTIC CLEANER SET

BALLISTOL-SET

- Powerful cleaner for plastic gun parts, for rifles and handguns and for gun cases and bags
- With the microfibre cloth (40 x 40 cm) stubborn dirt can be removed, even on strongly structured surfaces
- With euro punch

Available with:

150 ml Plastic Cleaner
Microfibre cloth, green
art.no. 23384

BLACK POWDER SOLVENT⁴

LIQUID

- Cleaner for black powder fire-arms
- Loosens and removes residues of black powder and soot
- Removes oil and carbon par-ticles from the surface
- Perfect cleaning of the cartridge ejection system in revolvers and cartridge feeds in pistols

Available as:
100 ml art.no. 23400

Hazard Statements:

Danger: COCO DIMETHYLAMINE OXIDE. Causes skin irritation. Causes serious eye damage.

BLACK POWDER SOLVENT^{1, 4}

SPRAY

- Cleaner for black powder firearms
- Loosens and removes residues of black powder and soot
- Removes oil and carbon particles from the surface
- Perfect cleaning of the cartridge ejection system in revolvers and car-tridge feeds in pistols

Available as:
200 ml art.no. 23420

Hazard Statements:

Danger: COCO DIMETHYLAMINE OXIDE. Extremely flammable aerosol. Causes skin irritation. Causes serious eye damage. Pressurised container: May burst if heated.

VASELINE GUN GREASE

- Resin and acid free gun grease
- Finest white quality
- Perfect for lubricating the inner and outer metal parts
- Care of mechanics and locks of airguns

Available as:
70 g art.no. 23699

AIRSOFT-GAS¹

- Increases your airsoft gun performance
- Maximum Power! Not suitable for low-grade arms
- Maintains and keeps mechanisms lubricated and increases their performance
- Suitable for use at low temperatures and in winter
- Its regular use guarantees a perfect maintenance

Available as:

125 ml art.no. 25146 | 500 ml art.no. 25135

750 ml art.no. 25144

Hazard Statements:

Danger: Extremely flammable aerosol. Pressurised container: May burst if heated.

LUBRICATION CARE

TRAP OIL⁵

- For lubrication and maintenance of traps
- Neutral in odour and taste
- For all kinds of traps

Available as:

65 ml art.no. 23900

Hazard Statements:

Danger: May be fatal if swallowed and enters airways.

SILICONE OIL LIQUID

- For lubrication and protection of parts made of rubber, plastic and metal
- Ideal for maintenance and upkeep, including of CO2 and airsoft guns
- Provides a natural appearance to plastics
- Prevents drying-out and embrittlement
- Prevents reloading disruptions
- Ideal for blow-back systems
- With metering nozzle

Available as:

65 ml art.no. 23807

PROTECTING

BALSIN¹

STOCKOIL

- Regenerates, impregnates and preserves wooden stocks
- Provides a fine dull finish and optimizes the woodgrain
- Also suitable for the care of other high quality woods
- Available colours: bright, reddish brown and dark brown

Available as:

Bright:

50 ml art.no. 23030 | 500 ml art.no. 23040

Reddish Brown

50 ml art.no. 23060 | 500 ml art.no. 236070

Darkbrown

50 ml art.no. 23150 | 500 ml art.no. 23160

Hazard Statements:

Danger: Ethanol. Highly flammable liquid and vapour.

TROPHY

BLEACHING^{2, 4, 5}

- Bleaches skulls and other bones purely white
- For first treatment or restoration

Available as:

250 g art.no. 25760

Hazard Statements:

Danger: Sodium percarbonate, sodium persulphate. Harmful if swallowed. Causes skin irritation. May cause an allergic skin reaction. Causes serious eye damage. May cause allergy or asthma symptoms or breathing difficulties if inhaled. May cause respiratory irritation.

GUN CARE ^{1, 2, 3, 4}

BALLISTOL-SET

- With 14 important products for perfect gun care

Available with:

Ballistol Universal Oil Spray, 200 ml
 Quick-Browning, 50 ml
 Cold Degreaser Spray, 50 ml
 GunCer Ceramic Gun Care Spray, 50 ml
 Balsin Stockoil Bright, 50 ml
 Robla Solo MIL Barrel Cleanser, 65 ml
 2 goat hair brushes
 Cleaning cloth
 Cleaning brush
 2 lint-free wipes
 Gun cleaning special tool
 art.no. 23650

Hazard Statements:

Danger: Extremely flammable aerosol. Pressurised container: May burst if heated. Harmful to aquatic life with long lasting effects. Toxic to aquatic life with long lasting effects. Ammonia. Selenium dioxide, Copper(II) nitrate, Nitric acid. Harmful

if swallowed. Causes severe skin burns and eye damage. Causes serious eye irritation. Causes skin irritation. May cause respiratory irritation. May cause drowsiness or dizziness. Highly flammable liquid and vapour.

GUN CLEANING CLOTH

3 PCS

- Content: 3 pieces
- Material: special blended fabric
- Dimensions: 42 x 42 cm

Available as:
 art.no. 23751

NEW

MICROFIBRE CLOTH GREEN

- For the care of plastic surfaces, even on highly structured surfaces
- Material: 80 % polyester & 20 % polyamide
- Size: 40 x 40 cm
- washable at 60 degrees
- Suitable for environmentally friendly multiple applications

Available as:
 art.no. 23733

GUN CLEANING SPECIAL TOOL SET

- For easier cleaning of breech and slide

Available as:
 2x Gun cleaning special tool
 art.no. 22261

GUN CLEANING BAG

1, 2, 4

BALLISTOL-SET

- The firearm care for on the way
- 44 pieces

Available with:

Hard wearing nylon bag (21x14x5 cm)

Multipart cleaning rod

Adapter for cleaning felt

Mirror for barrel and chamber

Gun Cleaning Cloth (special blended fabric)

Care brushes (different bristle lengths)

Different cleaning felts

GunCer Ceramic Gun Oil, 30 ml

Robla Solo MIL Barrel Cleanser, 30 ml

Ballistol Universal Oil Spray, 50 ml

Sachet: Ballistol Universal Oil, Sting-Free, Ballistol Animal und Neo-Ballistol Household Remedy art.no. 23651

NEW

Hazard Statements:

Danger: Extremely flammable aerosol. Pressurised container: May burst if heated. Contains ammonia. Causes severe skin burns and eye damage. May cause respiratory irritation.

QUICK-BROWNING

1, 2, 3, 4

BALLISTOL-SET

- Contains everything for the preparing and finishing the metal surface of your firearms
- You easily get a deep black dull shine in a short time
- Repairs small surface damages on gun barrel, barrel weight, screws and nut, bolts
- Please consider that steel containing a chrome rate over 3 %, also aluminium and zinc, doesn't work as basis for Quick-Browning and will not adhere

Available with:

Ballistol Universal Oil Spray, 50 ml

Cold Degreaser Spray, 50 ml

Quickbrowning, 50 ml

2 pair disposable gloves

2 goat hair brushes

2 lint-free wipes

art.no. 23653

NEW

FLEXCLEAN

- Made various cleaning applications possible
- High-quality, plastic-sheathed steelrope
- Steelrope has a length of 80 cm and a tensile strength > 45 kg.
- Precisely machined grip on the handle allows the rope to rotate freely and follow the running profile

- Felt adapter for caliber .17 to 12 GA enclosed
- Practical box with viewing window
- Offers enough space to carry felt cleaner with you
- Thread is also suitable for tow spirals or brushes
- Handle made of 8 mm brass

Available with:

Flexible, coated Steelrope
 Handle
 2 Adapter for felts (thread: 1/8")
 art.no. 23265

NEW

NEW**FLEXCLEAN****BORE CLEANING ROPE**

- Off the cuff cleaning solution
- Perfect cleaning with 3 pressure balls and 2 or 3 sponges (depends of type)
- Tearproof pull cord with brass weight
- Bore cleaning without felts, patches, brushes or tow
- The integrated sponges holds liquids like bore cleaner or gun oil
- Cleaning effect is split to 3 caliber optimized pressure balls
- The balls allocate pressure and cleaner/oil steadily and effective on the surface of the bore
- Surplus cleaner/oil will be absorbed by the tail of the cleaning rope
- Washable and reusable
- Stable to all cleaning liquids and oils which are used for weapon care
- Engraved caliber description in the brass weight

FLEXCLEAN**BORE CLEANING ROPE**

- With 3 special sponge chambers

Available as:

Cal. .22/.24 art.no. 23304 | Cal. .25/.28 art.no. 23305

CORRECT CLEANING OF THE BARREL

1. BEFORE SHOOTING

1.1.

1.2.

De-oil barrel & chamber

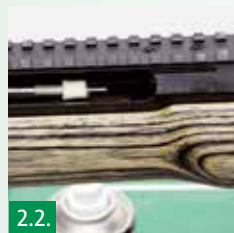

1

- Screw on 2 pieces of felt cleaners and soak with Ballistol Cleaner for Gun Parts or Ballistol Cold Degreaser
- Push through starting at the chamber and remove the front felt cleaner
- Pull cleaning rod out and turn second piece of felt downward
- Remove oil and grease from chamber

2. BASIC CLEANING

2.1.

2.2.

2.3.

Barrel cleaning

2

- Spray Ballistol Universal Oil into the barrel while it is still warm with the nozzle down and allow the oil to flow through
- Lean slightly downward for approximately 5-10 minutes (do not let residues flow into breech!)
- Continue cleaning with pieces of felt in the same way as the cleaning „Before shooting“
- Repeat the process until only a little gray discolouration is visible on the felt
- Do not forget the chamber, the breech and the magazine! (picture 2.3.)

Preservation

- For preservation purposes, push a piece of felt soaked with Ballistol Universal Oil through the barrel. Do not forget to de-oil barrel and chamber prior to the next shot (oil shot)!
- Then wipe the gun on the outside as well with a cloth damp with Ballistol Universal Oil so as to remove dirt and fingerprints and neutralize hand sweat.

3. INTENSIVE CLEANING

Barrel cleaning – carbon

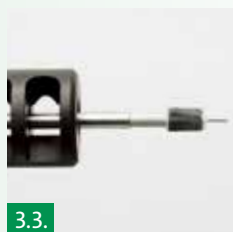

- Spray GunCer into the barrel while it is still warm with the nozzle down and allow the foamed oil to flow through. Alternatively, soak felt with oil and push through it.
- Fix the weapon in the vice

3.1.

3.2.

3.3.

3

- For approximately 5-10 minutes while the oil takes effect (do not let residues flow into breech!)
- Continue cleaning with pieces of felt in the same way as the cleaning „Before shooting“
- Repeat steps 3.1. - 3.3. until only a little gray discolouration is visible on the felt, then continue with point 3.4.

Preservation

- After the intensive cleaning, the barrel must be protected with GunCer, Gunex or Ballistol Universal Oil. For this, push an oil soaked piece of felt through the barrel. Do not forget to degrease barrel and chamber prior to the next shot (oil shot)!
- Then wipe the weapon on the outside as well with a cloth damp with Ballistol Universal Oil so as to remove dirt and fingerprints and neutralize hand sweat.

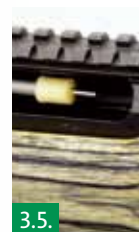

3.7.

Barrel cleaning - copper and tombac

- Soak felt with Robla Solo MIL, push slowly through the barrel and retract.
- Wait 2-3 minutes to let it work

3.4.

3.5.

3.6.

- Push through a new, soaked felt. Green-blue colour shows dissolved copper and tombac
- Repeat steps 3.4. - 3.6. until no blue colour change is visible on the felt
- Repeat steps 3.1. - 3.6. alternately until felt remains clean
- Note: In case of contact of Robla Solo MIL with browning surfaces, treat the affected zone immediately with Ballistol Universal Oil so that the black finish does not fade or damaged. Robla Solo MIL is harmless to steel, plastic or wood!

Prior to the cleaning, please follow the manufacturer-related safety precautions. Please note that after the intensive cleaning, the point of impact of the gun can deviate minimally.

CARBON CLEANING ROD

SHORT & LONG

- Contains Cleaning Stick, Interchangeable Grip and Adapter for 3 Felts, 4 mm Felt-Adapter Aluminium
- Strong carbon maximum stability
- Great flexibility
- Extremely light, only 1/3 weight compared to spring steel
- Wipe length: short 25 cm and long 93 cm
- Weight short: 5 mm = 54 g, 7 mm = 58 g
- Weight long 4 mm = 64 g, 5 mm = 72 g, 7 mm = 95 g
- High quality standard, 100 % manufactured in Germany
- Lifetime guarantee on the cleaning stick by proper use
- Durable towards all cleaning agents and oils that are suitable for gun care
- The cleaning stick does not adversely affect the barrel wall and can therefore not damage the gun

Available as:

Short, Ø 5 mm art.no. 23275 | Short, Ø 7 mm art.no. 23276
 Long, Ø 5 mm art.no. 23270 | Long, Ø 7 mm art.no. 23271
 Long, Ø 4 mm art.no. 23285

CARBON CLEANING STICK

SHORT & LONG

- Wipe length: short 25 cm and long 93 cm
- Available in diameters of 4, 5 and 7 mm
- Strong carbon maximum stability
- Great flexibility
- Extremely light, only 1/3 weight compared to spring steel
- Grip-side has M5 outer thread
- High quality standard, 100 % manufactured in Germany
- Lifetime guarantee on the cleaning stick by proper use
- Durable towards all cleaning agents and oils, that are suitable for gun care
- The cleaning stick does not adversely affect the barrel wall and can therefore not damage the gun

Available as:

Short, Ø 5 mm, thread: 1/8" outside art.no. 23272
 Short, Ø 7 mm, thread: M5 inside art.no. 23273

ADAPTER FOR PATCHES (JAG)

ALUMINIUM

- Suitable for the use of microfibre patches
- Short design allows high contact pressure
- Adapter for Patches from size Ø 5.5 mm to 7 mm are for Ballistol Carbon Cleaning Sticks with Ø 4 mm and Ø 5 mm
- Adapter for Patches from size Ø 7.5 mm to 9 mm, Cal. .44 and Cal. .45 are for Ballistol Carbon Cleaning Stick with Ø 7 mm

Available as:

Ø 5.5 mm 1/8" internal thread art.no. 23294

Ø 6.0 mm, 1/8" internal thread art.no. 23296

Ø 6.5 mm, 1/8" internal thread art.no. 23314

Ø 7 mm, 1/8" internal thread art.no. 23315

Ø 7.5 mm, M5 external thread art.no. 23295

Ø 8.0 mm, M5 external thread art.no. 23297

Ø 8.5 mm, M5 external thread art.no. 23299

Ø 9.0 mm, M5 external thread art.no. 23298

Cal. .44, M5 external thread art.no. 23300

Cal. .45, M5 external thread art.no. 23301

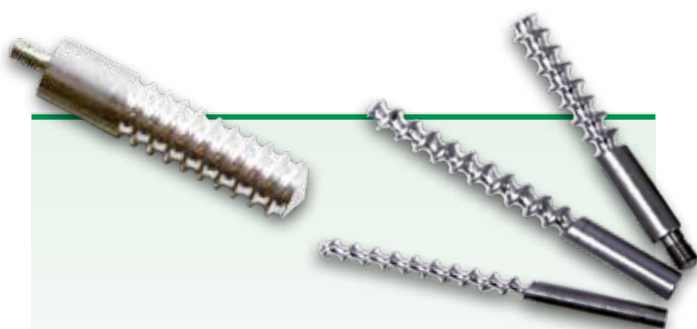

FLAX TOW SUCOL/ SILK TOW SUCOLIN

- The right tow for any kind of barrel, caliber and surface
- Dirt is fixed to the towel by its enormous absorptivity and is gently removed
- Long fibres for easy fastening at the cleaning stick
- Perfect of cleaning and polishing
- Socol: for shotguns (brown)
- Socolin: for rifles (white)

Available as:

Flax Tow Socol 75 g art.no. 23700 | 1 kg art.no. 23710
Silk Tow Socolin 75 g art.no. 23720 | 1 kg art.no. 23730

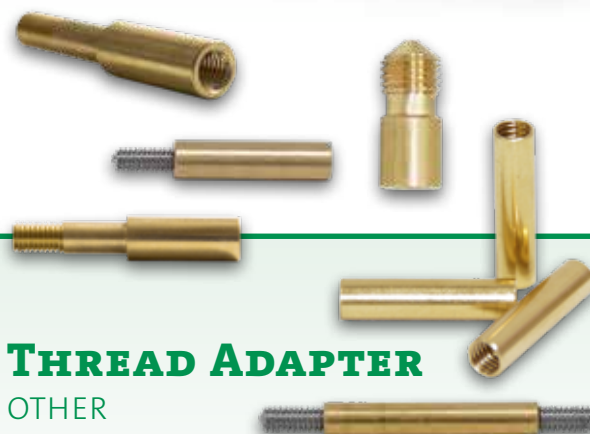

ADAPTER FOR GUN TOW ALUMINIUM

- Spiral holder for Flax Tow Socol and Silk Tow Socolin
- Spiral guide allows maximum hold of the tow on the adapter
- Good cleaning performance with expert winding

Available as:

Ø 4 mm, 1/8" internal thread Art.-Nr. 23258
Ø 5 mm, 1/8" internal thread Art.-Nr. 23259
Ø 6 mm, 1/8" internal thread Art.-Nr. 23260
Ø 7 mm, M5 external thread Art.-Nr. 23261
Ø 8 mm, M5 external thread Art.-Nr. 23262
Ø 9 mm, M5 external thread Art.-Nr. 23263
Ø 10 mm, M5 external thread Art.-Nr. 23264

THREAD ADAPTER OTHER

- These thread adapters allow the use of a Ballistol felt adapter with a cleaning rod of the respective brand or country

Available as:

Thread Adapter 1/8" inside to M5 inside Art.Nr. 23321

Switzerland (adapter for cleaning rod):

Thread: M4x0,5 inside- to 1/8" outside art.no. 23283

Parker Hale (Adapter for cleaning rod):

Cleaning rod Ø 5.3 mm: PH inside to 1/8" outside art.no. 23284

Cleaning rod Ø 6.4 mm: PH inside to M5 inside art.no. 23290

Cleaning rod Ø 12.5 mm: PH outside to M5 inside art.no. 23316

Dewey (adapter for cleaning rod):

Thread: UNF 8-36 inside to 1/8" outside art.no. 23311

Thread: 12/28" inside auf M5 inside art.no. 23317

Thread: 1/8" outside to 1/8" outside art.no. 23318

Thread: 5/16-27" outside to M5 inside art.no. 23319

Niebling (adapter for brush):

Thread: M4 inside auf M5 outside art.no. 23320

Thread: M4 inside to 1/8" inside art.no. 23287

Niebling (adapter for cleaning rod):

Thread: M4 outside to 1/8" outside art.no. 23286

Hoppe's, Outer etc. (adapter for cleaning rod):

Thread: 8-32 UNC inside to 1/8" outside art.no. 23323

GUNTEC PLASTIC CLEANER

- Active cleaner for all plastic parts and components on firearms
- Used for all types of guns such as sport and tournament guns, hunting weapons (both large and small calibre) and air guns - ideally suitable for gunpowder pistols

Available as:
250 ml art.no. 24397

GUNTEC GUN OIL

LIQUID

- Removes powder and smoke residues
- High corrosion protection
- Displaces moisture
- Reduces friction
- Odourless / non-aromatic
- Temperature range: - 20 °C to +120 °C

Available as:
50 ml art.no. 24391

Hazard Statements:
Danger: Causes serious eye damage.

GUNTEC GUN GREASE

- Synthetic special grease with white solid lubricant
- Friction and wear reducing
- Excellent lubrication properties
- Wide temperature range: - 50 °C to + 150 °C
- For lubrication of all sliding parts, such as slide runners, ejector lugs, catches, as well as assembly aid for screw and pin connections

Available as:
20 g art.no. 24393 | 70 g art.no. 24392

GUNTEC GUN OIL

SPRAY

- Removes powder and smoke residues
- High corrosion protection
- Displaces moisture
- Reduces friction
- Odourless / non-aromatic
- Temperature range: - 20 °C to +120 °C

Available as:
50 ml art.no. 24396 | 200 ml art.no. 24390

Hazard Statements:
Danger: Causes skin irritation. Causes serious eye damage. Pressurised container: May burst if heated.

SCHERELL'S SCHAFTOL

STRONG**SAFE****DEFENCE****EFFECTIVE****PROTECTION**

PEPPER-KO JET^{1, 2}

ANIMAL DEFENCE SPRAY

- Jet up to 5 meters

Available as:

40 ml art.no. 24420 | 50 ml art.no. 24430

40 ml blister packs art.no. 24476 | 100 ml art.no. 24491

Hazard Statements:

Warning: Flammable aerosol. Causes serious eye irritation. May cause respiratory irritation. Contains 0,9 % Capsaicin. May produce an allergic reaction. Pressurised container: May burst if heated. Use Pepper-KO safely! Note labeling and read product information before use. Reg.-no. N-72671

- Contains 11% natural highly effective pepper extract (OC)
- Makes attacking animals or violent criminals immediately incapable of acting
- Easy to handle, effective in use
- With practical belt clip
- Sellable without minimum age (Take in consideration the legal requirements in your country)
- 40 + 50 ml: with unique, patented panic cap. Prevents accidental spraying. Damper with spring function.
- 100 ml: with special (safety) cap

Attention: In Germany Pepper-KO is only admitted to protect against animals, not against humans. Take into consideration the legal situation in your country.

PEPPER-KO FOG^{1, 2}

ANIMAL DEFENCE SPRAY

- Spray up to 4 meters

Available as:

40 ml art.no. 24450 | 50 ml art.no. 24404

40 ml blister packs art.no. 24416 | 100 ml art.no. 24405

Hazard Statements:

Danger: Extremely flammable aerosol. Causes serious eye irritation. May cause respiratory irritation. Contains 0,9 % Capsaicin. May produce an allergic reaction. Pressurised container: May burst if heated. Use Pepper-KO safely! Note labeling and read product information before use. Reg.-no. N-72671
